Category Selection

Choose the categories you wish to filter and restrict access.

Filter	Description	Status
Adult & Pornography	This filter blocks access to adult and pornographic content. It includes Escort and CSAM sites, pornhub and similar domains. It also enforces Safe Browsing on Google, Bing DuckDuckGo and other search engines.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Adult Mixed Content	This filter blocks access to sites that allow pornographic content, while they may also be used for non-adult activities. It includes domains like reddit and some image sharing domains.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Torrents	This filter blocks access to Torrent sites. It includes The Pirate Bay.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
P2P & File Sharing	This filter blocks access to P2P and File sharing domains. They are often misused to share illegal and pirated content.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Proxy & VPNs	This filter blocks access to Proxies and VPN products. They are often used to bypass filters.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Dating	This filter block access to dating sites.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Search Engine	This filter blocks access to search engines that we can't enforce Safe Search. It will block every search engine other than Google, Bing, DuckDuckGo and Yandex.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Malicious	This filter blocks access to malicious and blacklisted domains. We highly recommend keeping it enabled as it helps to prevent attack against your computer and network.	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Academic Fraud	BETA: This filter block access to sites selling academic fraud services (do my essay or do my homework).	ALLOWED <input checked="" type="checkbox"/> BLOCKED
Ads & Tracking	This filter block access to Ads and tracking products. It includes Google Ads, mixpanel and other ad-based products.	ALLOWED <input type="checkbox"/> BLOCKED
