DCP Legal File No. CP-2019-005

DCP Case No. 107102

Respondents Purdue Pharma L.P., Purdue Pharma Inc., and The Purdue Frederick Company Inc. (collectively, "Purdue"), through counsel, hereby submit this *Motion to File a Reply Memorandum in Support of Their Motion to Dismiss in Excess of Page Limits in the Utah Rules of Civil Procedure*.

Purdue respectfully requests leave to file a Reply Memorandum in Support of Their Motion to Dismiss in excess of the page limitations provided by Utah Rule of Civil Procedure 7(e). The Administrative Law Judge has previously granted the parties' motions for leave to file pages in excess of the URCP limitations related to the pending motions to dismiss. Out of an abundance of caution and to the extent Rule 7(e) applies to the administrative proceeding, Purdue asserts that good cause exists to grant the present motion with regard to Purdue's Reply Memorandum. Purdue's original Motion to Dismiss was 39 pages and raised a significant number of legal issues. In turn, the Division has filed a Memorandum in Opposition that is 37 pages in length. In order to fully reply to the Division's Memorandum, Purdue requests leave to file a Reply Memorandum of up to 35 pages, exclusive of caption, tables of content and authorities, signature block, certificate of service, and exhibits.

Purdue has conferred with counsel for the Division and the other Respondents, who have consented to the present Motion. A proposed order is submitted herewith.

DATED: May 3, 2019.
